Subject: UPDATE FROM THE COO: ELECTRONIC HEALTH RECORD -- System Demos Next Week

Dear Colleagues,

As CEO Mark Laret announced last week, we are moving forward with the Epic electronic health record as a replacement for UCare. Epic will conduct system demos next week on Monday and Tuesday so we can better familiarize ourselves with the system and begin planning our implementation approach. As you can imagine, this is a very large endeavor that will require input and participation from all areas of the organization.

Please try to attend one of the Epic demos below so you can provide your valuable input and perspective.

Monday, Nov. 2

- 5:30-7:30 p.m., Toland Hall, Parnassus campus

Tuesday, Nov. 3

- 7 – 9 a.m., Room S-214, Parnassus campus
- 11 a.m. – 1 p.m., Herbst Hall, Mount Zion campus
- 3 – 5 p.m., Cole Hall, Parnassus campus

Sincerely,

Ken Jones
Interim Chief Operating Officer
ken.jones@ucsfmedctr.org

Dr. Michael Blum
Chief Medical Information Officer
michael.blum@ucsfmedctr.org
